Dear Mr Weisberg,

I have just finished watching and listening to you on Phils show. I very much agree with you. I was so happy to hear someone really believes that Lee Harvey Oswald was and is innocent. I only hope and pray that we can clear this boys name. Heaven only knows how his family has suffered. I don't think anyone will ever endure the pain and heartaches his children must go through. I can only say my heart goes out to them.

Also I am most interested in all your books, Would you please tell me how I may get them? Thank you for coming to Dayton. We needed you!

Sincerly
